## Ty Wolber

2722 Durant Avenue, Berkeley, CA 94704

(916) 500-1144

[tywolber@gmail.com](mailto:tywolber@gmail.com)

---

I am a driven fourth-year student athlete at UC Berkeley pursuing a double major in Data Science & Economics. The intersection of technology, data-driven efficiency and design drives my interests in Data Engineering and Predictive Analytics.

---

## Experience

---

### Advantage Solutions/ Shared Services Intern

June 2024 - August 2024, St. Louis, MO

Built a financial database for the top 100 clients to foster data-driven decision making for national rebranding within the company. Utilized Python and SQL for Machine Learning models powered by Google Colab's cloud computing platform .

### GoodLeap / Digital Asset Coordinator

June 2023 - December 2023, Roseville, CA

Assisted the marketing team in launching a new solar product by cleaning and organizing consumer datasets. Leveraged SQL and R to generate demographic-specific market predictions, enabling targeted marketing strategies.

### Cal Men's Lacrosse / Treasurer

May 2022 - May 2023, Berkeley, CA

Managed 500k worth of assets for the California Men's Lacrosse Team, coordinating and booking transactions between the university and retailers.

---

## Skills

---

**Predictive Modeling:** SQL / Python / R / Java / Pandas / Scikit-learn / Power BI

---

---

## Education

---

### University of California, Berkeley / Data Science & Economics

August 2021 - June 2025, Berkeley, CA

---

## Awards

---
